Section 1

1. Purpose

AIT enrolls students from across the globe and is focused on providing the necessary financial support to students so that they can successfully finish their studies. To support this objective, AIT has established a Financial Hardship Payment Plan as an option for eligible students who are experiencing financial hardship and cannot pay the entirety of their tuition fees on the due date.

2. Scope

This policy applies to:

- i) All students (domestic and international) of AIT
- ii) All staff of AIT including employees and contractors;
- iii) All courses delivered by AIT including those delivered on its behalf by education providers with whom there is a licensing arrangement. If there are any discrepancies between an affiliate's policy and these, the AIT policy will apply.

Any missed payments will have a negative impact on any future requests for extensions or new applications made by the student for a Financial Hardship Payment Plan.

Section 3 - Procedure

1. Application

Financial Hardship Payment Plan applications should be submitted in full five working days before first day of the trimester/semester. A non-refundable \$100 application fee is payable upon submission of the Application. Applications will not be assessed if the application fee has not been paid. The fee payment details are included on the Application Form. A receipt for payment of the application fee is required to be submitted along with the application.

The application will be assessed within 2 business days of the application being received by the relevant Head of Operations and the Executive General Manager. Students will be notified via email on the outcome of their application.

If a student is allowed to apply for a Financial Hardship Payment plan after a trimester has started, they are required to pay all instalments that are due (have the due date set prior to the date their application is approved).

2. Payment of Fees

If approved, the payment plan will be set up via Ezidebit Direct Debit. The Ezidebit Terms and Conditions and details are available through the Financial Hardship Payment Plan Application Form.

The student's tuition fee for the next trimester/semester will be split into four (4) instalments:

1. Instalment 1: 25% payment on due date
2. Instalment 2: 25% payment in week 3
3. Instalment 3: 25% payment in week 6
4. Instalment 4: 25% payment in week 9

Students may request an extension to an installment payment due date, but conditions apply:

- a. it must be made in writing no less than 1 week before the scheduled installment payment date. An outcome of the request will be provided to the student two (2) business days after the request is received.
- b. a part-payment (at least \$400) must be paid on the due date, A payment extension will not be granted if the student does not make this partial payment.

3. Missed Payment

If two (2) payments are missed, the payment plan will be cancelled, and the total amount of the tuition fee will become due and payable immediately. If the payment is not received within 10 days, student access to the Learning Management System will be blocked. Failure to adhere to an approved payment plan may result in the cancellation of enrolment and in the case of international students, cancellation of the CoE.

4. Publication

This procedure is published on the AIT websites and relevant LMS, to ensure students have up-to-date and accurate information publicly available to them.
